SUMMARY

Experienced Senior Front-End Developer with strong skills in backend and AI development. Proven track record of leading teams and successfully delivering projects from concept to completion. Passionate about creating efficient, scalable solutions.

WORK EXPERIENCE

Frontend Developer (Senior Developer & Team Lead)

Jun 2023 - Present

DEVINNOTECH - Remote

- Built projects from scratch using Next.js, React.js, and TypeScript.
- Developed and maintained clean, efficient code while writing unit and integration tests for quality assurance.
- Collaborated with design and backend teams to deliver seamless, responsive user interfaces.

Frontend Developer (Strong Middle)

Apr 2021 - Jun 2023

Armsoft - Yerevan, Armenia

- Developed business automation programs to streamline workflows and increase operational efficiency.
- Designed and implemented custom solutions tailored to client needs, enhancing productivity.
- Enhanced and optimized existing projects by refactoring code, improving performance, and reducing load times, leading to faster and more efficient applications.

Frontend Developer (Middle)

Jan 2020 - Apr 2021

Cyber Tech - Yerevan, Armenia

- Contributed to the development of an online shop, implementing front-end features and ensuring responsive design.
- Assisted in building dynamic admin panels, enhancing usability and functionality for business operations.
- Collaborated with senior developers to refine and optimize code, improving project performance and stability.
